

United State Of America in century XI

Women

women in the United States cooked, cleaned, and took care of household chores. if they were married, they stayed home to take care of the children while their husband worked.

life style

Most of the population lived in rural areas, working in the fields and their lives were very popular.

Equity

During the 19th century, millions of German immigrants came to the United States. The vast majority of them were engaged in agricultural work, others in the industry such as bakery, slaughterhouses, furniture manufacturing. etc

Educations

During the arrival of many immigrants to the United States, many children entered the school system and along with immigrant children, many of them got ahead thanks to their determination.

Intersectionality

There were many jobs for people, which were Serene, Sharpener, Crier, Recadero, Blacksmith, Hachero, Resinero, Barquillero, Campanero
